Amendments to the Specification

Please amend the paragraphs at page 4, lines 8-9, in the following manner:

Figs. 3-1, [[and]] 3-2 and 3-3 are functional flow chart illustrating processes in accordance with preferred embodiments.

Please add the following paragraph at page 9, between lines 13 and 14:

Fig. 3-3 is similar to Fig. 3-2. However, in Fig. 3-3, S10 is removed and, if the answer at S11 is "no", then the flow proceeds to step S11A. In step S11A, it is determined whether the transaction is eligible to be treated as a B2B transaction based on information other than the quantity information of the initial order, as described elsewhere in this disclosure. For example, it may be determined that the transaction is eligible to be treated as a B2B transaction based on the identity of the customer, a time of the initial order, the mix of products order, requested time and mode of delivery, etc., as described elsewhere in this disclosure. If the answer at S11A is "yes", then the flow proceeds to S15. If the answer at S11A is "no" then the flow proceeds to S16.
